# Quality

Howell is committed to continuous improvement, as evidenced by our ongoing registration to the ISO 9001 standard since 2003. Howell's quality management system is currently ISO 9001:2015 & CSA N299.3 certified.

# Service

## Leader of the Pack in Customer Service

Howell has a mature nuclear program that has proudly supported the original Canadian Candu design from AECL through to the current nuclear refurbishment and life extension programs on a variety of levels.

# Solutions

## Howell Helps

Whatever the challenge, Howell's technical product specialists will help in providing and sourcing the products and solutions for your facility needs.

Your One-Stop-Shop for Everything PVF

## Pipe & Tubing

Howell provides a wide range of pipe available up to 96" customized to meet your needs

- Single & Double Random Lengths
- C/W, ERW, Seamless & Spiral
- API 5LB-X42 thru X72
- A53, A106, A500, A252, A139

## Pipe Fabrication

Howell's in-house pipe shop has on-site capability for cutting to specific lengths and machining to custom specifications

- Straight & Angle Cuts
- Threading up to 8" diameter
- Beveling
- Roll & Cut Grooving

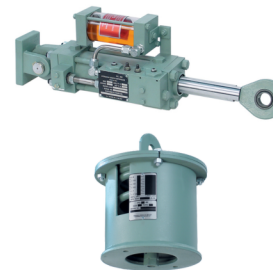

## Valves & Automation

- Ball Valves
- Forged Steel Valves
- Butterfly Valves
- Check Valves
- Gate & Globe Valves
- Automated Valves

## Engineered Pipe Supports

Engineered Pipe Support systems specifically manufactured for the Nuclear Industry

## Piping Systems

Available In:

- Stainless & Alloy
  - Grooved & Press
  - Carbon & Forged Steel
  - Socket & Butt Weld
  - Copper & Brass
  - Malleable & Iron
  - PVC & CPVC
  - Engineered Plastics
- Flanges of all Class Ratings

## Instrumentation

- Pressure Gauges
- Pressure Transmitters
- Needle Valves & Manifolds
- Pressure Switches
- Diaphragm Seals
- Thermometers
- RTD and Thermocouples
